TENTATIVE PLANS FOR WHARF ARE OUTLINED BY COMMITTEE

Concrete Bases, With Timbered Top Proposed as Cheapest and Best

GETTING HARBOR LINE DATA

Councilmen Securing Detailed Information in Projected Improvement—Not Believed Much Progress Could Be Made During Low River

Relative to the construction of a wharf at the foot of Second street, members of the real estate committee of council and two representative citizens made an inspection of the conditions Wednesday evening, and discussed plans. The idea that seemed the most feasible was the erection of a wharf planned after the style of lake or sea coast docks.

In the committee were Councilmen J. K. Mitchell, H. L. Swickey, S. A. Michener and Charles S. VanVoorhis. John B. Schafer, president of the Charleroi Business Men's Association and George Newton were others of the delegation.

A probable harbor line was located. Then the idea of putting in three concrete bases, with heavy timbers bolted to the top and boards nailed to them was suggested. It won instant favor as the cheapest and best arrangement that could be made. It would provide plenty of depth of water for packets and other boats to moor there and room for unloading freight. There would be water room between the concrete bases, so that debris would not become lodged there.

Today a member of the committee is in touch with government men at North Charleroi to get some idea of a harbor line. If the wharf is attempted by council it will be started at once, to take advantage of the low water. It is not thought however that the work could be nearly completed until the pool was filled.

French Cavalry Horses Wear Gas Masks Like Their Riders Now

French army horses at the front are protected quite as much as their riders these days—perhaps a bit more because of the scarcity of horses. These cavalry chargers are wearing gas masks. When traveling through the "gas zone" the horses seem to appreciate the danger, for they make no resistance when the bags are placed on them. Their eyes are immune from poison gas are not covered.

FIRE THAT DESTROYS TWO DONORA HOUSES THREATENS A BLOCK

Water Pressure Weak Because of Break in No. 4 River Dam

Fire, which Wednesday night destroyed houses at 419 and 425 Mulberry alley, Donora, owned by Mrs. Lattie Eaton and John Norkus, for a time threatened the whole block. Inadequate water pressure due to breaking of the Monongahela river dam at Lock No. 4 handicapped the efforts of the volunteer fighting force. The loss is estimated at between \$3,000 and \$4,000.

The fire broke out a little after 9 o'clock in the six room frame house of Mrs. Eaton. The origin is not known certainly, but is believed to have been from a gas leak. The house and all its contents were consumed by the flames, which next attacked the Norkus house, a three room frame dwelling. Part of the furniture was removed but the remainder with the house was burned. No insurance was carried on the Norkus house, and little on that of Mrs. Eaton.

The motor truck of the Donora fire department could not be taken near

BAD FIRE PREVENTED BY QUICK RESPONSE OF FIRE DEPARTMENT

Blaze at Home of Mrs. Johns Has Good Start When Discovered

Quick response by the fire department prevented what would have proven a disastrous fire Wednesday evening at 8:15 in a dwelling at the rear of 215-218 Fallowfield avenue, owned by S. Carson Sears and occupied by Mrs. Johns and family. Damage totaling \$160 was done.

The fire originated from an unknown source under the stairway in a closet and when discovered had a good start. Immediately the fire alarm was sounded and within the briefest possible time the firemen were on hand with chemicals. Not a drop of water was needed, chemicals being sufficient. In another five minutes probably the whole building would have been ablaze.

Enough to the blaze to be effective in fighting it. The American Steel and Wire company's mill fire fighting force assisted materially in stopping the progress of the flames.

Council Fixes Taxation Rate at Highest Point Ever Reached to Care For Extraordinary Expenses

Millage was raised by the Monessen council from 11 1-2 mills to 13 mills at its regular meeting Wednesday evening. This is the highest rate of taxation for any period since the borough was founded. The increase of one and one-half mills was declared to meet increasing expenses and to provide for improvements sadly needed in the borough.

STRIKES HARD AT PARALYSIS

State Health Commissioner Tells of Plans of State to Prevent Disease

CLEAN-UP IS NECESSARY

A state-wide "clean up" as a measure of prevention against a possible epidemic of infantile paralysis this summer has been put under way by Dr. Samuel G. Dixon, state health commissioner, who is sending out this week a letter of instruction to all local boards of health and health officers, as well as to the more than one thousand men who constitute the field force of his department in its medical and sanitary divisions.

The instructions call for the eradication of all unsanitary conditions that might lead to a spread of the disease and go into details as to the precautions that should be taken. "We must anticipate some polio-myelitis this year and take every precaution in the way of preparedness against it," said Doctor Dixon, in discussing his action today, "even though its presence last year does not necessarily mean a severe epidemic this summer."

"We are coming into the season when, through the disintegration of organic matter, much of the new influenza is being spread."

Notice to Water Consumers. On account of the dam at Lock No. 4 breaking it has lowered the river to such an extent as to almost prevent the operation of our pumps. However we are able to operate our pumps at present, but not to their fullest capacity. In order for us to insure the domestic consumers service it became necessary to shut off all industrial consumers. We respectfully urge upon all consumers to be as saving with water as possible until we are able to install special equipment to meet this unusual condition.

Greeks Say They Will be Ready to Go to Front For United States in Two Weeks Time—Every Day Flag Day—Penfield Coming Home

At 10:13 o'clock this morning the resolution passed Wednesday by an 82 to 6 vote by the United States senate, went to house, where debate began on it. Before the afternoon wanes a vote is expected favorable.

Definite army plans are still in course of preparation. In Pennsylvania Adjutant General Stewart has charge of the military preparations, and it is expected the national guard units will be called into service. After them will follow the volunteer forces. Volunteer forces, if called, will be officered by officers appointed by the War Department. Plans call it is said for a force of 2,000,000 men to be raised and trained within the briefest possible time. The expeditionary force will be available very soon.

Relations will be broken by Austria with the United States the moment Congress passes the war resolution, according to advices which reached Washington Wednesday night. Ambassador Penfield will leave Vienna at once.

Everyday is flag day in every city and town in the country. In Charleroi flags are to be seen at every turn, business houses and residences having them out.

Greeks of Monessen are ready to fight for the United States. Tuesday night Rev. Vladimir M. Levkovich, pastor of St. Mary's Greek Catholic church, communicated with C. S. Reagan at the volunteer recruiting station and offered the services of a regiment of men, 1,800 in number, uniformed and ready for war within the next two weeks. Rev. Levkovich pledged the support of this number of men, members of his congregation, and stated that in addition he would accompany the regiment as chaplain.

BROWN-CRILL WEDDING OCCURS IN PITTSBURG

Former Charleroi Teacher and Pittsburg Man Wedded Tuesday—Will Be "At Home" After May 1 to Their Friends

Announcements have been received here of the marriage of Miss Florence Crill, daughter of Mr. and Mrs. C. C. Crill of Pittsburg and Thomas Ralph Brown, also of Pittsburg. The event occurred Tuesday in Pittsburg, and the couple will be at home to their friends after May 1 at 5911 Friendship avenue, Pittsburg.

The bride formerly was a teacher in the Charleroi schools. Upon the removal of the family to Pittsburg she took up teaching there and was a well known instructor in the Pittsburg schools.

AT THE THEATRES

GREAT DICKENS' STORY TO BE PRESENTED AT MAJESTIC

One of the greatest releases of the season at the Majestic theatre is that of "The Tale of Two Cities," billed for presentation tomorrow by the Fox producers. The story is that told by Charles Dickens and pertains to the French Revolutionary period. Properly staged a marvelous accuracy is the result of the efforts of the producers. William Farnum is appearing in a dual role, playing the part of Charles Darnay and Sidney Carton. He is assisted by a company of star performers. The leading female role is taken by Miss Jewel Carmen.

PATRIOTIC STORY AT COYLE THEATRE FRIDAY

A story partly political, and altogether patriotic showing people something of which to think, is told in "The Eagle's Wings," which is appearing tomorrow at the Coyle theatre. The picture is a Bluebird presentation, from the virile pen of Rufus Steele. The argument is to prove that America is a government of the people, for the people and by the people. Today at the Coyle Theodore Roberts is being featured in "The American Consul" Manager Coyle has received a large cannon, with several pieces of ordnance to be used in decorative effect.

SPLENDID VAUDEVILLE OFFERINGS AT PALACE

At the Palace theatre for the last three days this week Manager Barnhart is offering a bill with stellar performers in the three acts. Heading the list is The Ozars, billed as Twentieth Century novelty creators. This is an act direct from the Harris theatre, Pittsburg. Cornell and Stead, the singing and whistling girls have an act of great promise and Noble and Brooks are appearing as Those Polite Entertainers with singing, dancing and comedy.

AUTOMOBILE LICENSES MAY BE MADE HIGHER

Still Introduced in Legislature Changing Rates--All Drivers Must be Licensed if Bill Goes Through as Introduced

The State Highway Department is amending the automobile law was presented at Harrisburg by Senator C. J. Buckman of Bucks. The most important change proposed is to make \$10 the minimum license fee.

The registration fees proposed under the bill for pneumatic-tired vehicles follow:

Ten dollars for each motor vehicle of less than 35-horse power. \$15 for motor vehicles from 35 to 50-horse power and \$20 for motor vehicles over 50-horse power.

For solid-tired vehicles, the fees are as follows:

Ten dollars for cars of less than 5,000 pounds gross maximum weight or load and vehicle. \$15 for trucks of 5,000 to 10,000 pounds. \$20 for trucks from 10,000 to 15,000 pounds. \$25 for trucks of 15,000 to 24,000 pounds.

The license fee for motorcycles of two and three wheels would be left at \$3, but a fee of \$5 would be placed on motorcycles equipped with delivery bodies and four wheels.

Under the Buckman bill every driver of a car would have to be licensed. Under the present act the owner in whose name the license is issued does not have to pay the extra \$1 license fee. The car would be registered, but anyone who desires to drive would have to procure a driver's license.

The age limit would remain as at present, 16 years for non-paid drivers, and 18 years for paid drivers as the minimum. The bill amends the present act relating to the lettering on dealers' "traction engines" and trailer licenses and leaves the matter of distinguishing between the different classes in the jurisdiction of the Highway Commissioner.

MISSIONARY SOCIETY HOLDS YEARLY MEETING IN CHURCH

The yearly meeting of the Foreign Missionary society of the Methodist Episcopal church was held Wednesday afternoon in the church there being a large attendance of members and a number of visitors present. Mrs. T. L. Eagye, vice president, presided. Rev. C. A. Hartung spoke of "The Two Americas." Miss Mary Gunt sang a solo, with accompaniment by Mrs. T. L. Pollock.

FINAL HIGH SCHOOL GAME TO BE PLAYED FRIDAY IN CHARLEROI

The final game of the present basketball season will be played at the high school gymnasium Friday night when the Canonsburg high school five will appear for a postponed attraction. Upon this game depends largely the outcome of the county league fight. If Canonsburg wins, the teams of Washington and Canonsburg will be tied for first place. If Canonsburg loses, the county cup goes to Washington.

In the game Saturday probably the regular lineup will be sent against the Charlestown valley five. That the game will be hard fought is undisputed. Canonsburg will bring their best lineup.

WAR VETERAN'S 75TH BIRTHDAY CELEBRATED; DINNER IN HIS HONOR

In Monongahela Wednesday evening Mrs. Charles Carney, Jr., entertained at supper at her home on Nelson street, the affair being in honor of her father, R. L. Culbertson, justice of the peace at North Charlestown, whose 75th birthday it was. There were 60 present. Among the guests were numbered six of his old comrades from the Civil war, Joseph Wolf, Amizia Eckles, William Smith and James Forsythe of Monongahela, Sparks Cooper of Belle Vernon and Jacob Wise and wife of Charlestown. Among the out-of-town guests were Mr. and Mrs. McNary of Eighty Four, Mr. and Mrs. Stewart, Miss Maud Hamilton of Venetia, Mr. and Mrs. W. J. Ferree of West Elizabeth, Mr. and Mrs. Joseph Beadell of Glassport, Miss Florence Bentley of Elrama and George B. Roberts of Donora. A program was rendered consisting of music by the Eckles' band, a violin and piano selection by James Behanna and Glenn Beadell, song by Amizia Eckles, assisted by the ladies, and an address by Jacob Wise.

THOMPSON TO TRAIN AIRMEN USING AEROPLANE GIVEN HIM

DeLoyd ("Dutch") Thompson sensational American aviator, who calls Washington his home town, has received acceptances from 18 famous automobile racers of his recent invitation to form a flying corps to be trained by him at the Uniontown speedway for service in the war with Germany. The squad will mobilize about May 1. One of "Dutch's" training machines will be furnished by the Washington lodge of Elks. At a rousing patriotic meeting in their club house they appointed a committee to raise funds among the members of the lodge for the aeroplane, which Thompson must have to train his air recruits. The machine will be inscribed "Washington Lodge, No. 776, E. P. O. Elks in honor of the generous donors. Thompson himself is a member of the Washington Elks' lodge. Thompson sometimes ago invited 20 of the leading auto races of the county to join a "sharpshooters of the sky" squad. The response to his call was very enthusiastic and a flying corps will be formed and trained by Thompson which is expected to prove a wonder in war service. "Dutch" is sure these men will "prove great aviators."

LEGISLATOR DEMANDS WAR-TRAINED DOCTRINES

sect life of the year will come into its first stages. It is during this season that infantile paralysis generally appears in epidemic form.

"In preparation, it behooves us not to let any precaution escape our attention. Thus we should enter upon a vigorous 'clean-up' especially when we keep in mind what excellent results were obtained in last year's epidemic when we went into some of the small towns and showed them how to obtain almost ideal house-keeping."

"For some years the Pennsylvania Department of Health has been working for a preventative that could be supplied in sufficient quantity to fill any possible demand. In this important work, Pennsylvania can report progress."

"We must at the present time rely however, solely on the results of experience obtained in fighting the disease. And one of the first lessons is that we must keep perfectly clean our houses, out-buildings, grounds, stables, barns, and barnyards. Every care must be taken of each water supply, for each one represents a stone in the foundation of preparedness."

"The great move now being taken by the department of health is a crusade against filth, not only in the cities and towns and boroughs, but in the country districts. The circular of instructions is being sent not only to our County Medical Inspectors and Health Officers, but to all the Department nurses and stream inspectors as well."

"The state department of health, in the work, calls upon every individual and all the local health authorities to push with a strong hand this task of insuring the health of our little children, who will soon stand in our places—and especially at this time when they face the heritage of preserving peace and order in not only our own union of states but perhaps in the whole civilized world."

Mail Sorting Machine Does Work of Fifty in Chicago Post Office

The operator at this strangely intricate machine is doing the work of fifty with comparative ease. He is a mail clerk in the Chicago post office and is operating a machine that sorts mail for perhaps a hundred cities. The sorting process amounts to nothing more than the pressing of a button. The machine does the rest. The operator sits at a keyboard with a stack of letters on a rack on the level of his eyes. He notes the address, Columbus, Ohio, and presses a button bearing that designation. Away the letter goes to the Columbus mail pouch. It is the claim of the builders that the machine can sort mail for nearly 300 cities and towns at once. The operation of the keyboard is similar to that of the linotype.
